

# **Global Youth Science and Technology Bowl 2021**

## **SUGGESTED PROJECT REPORT FORMAT**

### **Invention Project Type (A)**

- I. Project Title
- II. Author(s), Institution
- III. Introduction (background and literature review)
- IV. Objective(s)
- V. Methodology (materials, experimental methods and reasons)
- VI. Design of Invention (application and analysis of scientific theories, sketches/drawings/photos)
- VII. Result and Discussion (effectiveness of invention, area of application, market need, limitation)
- VIII. Conclusion
- IX. Acknowledgements if any
- X. References (literature cited)

### **Investigation Project Type (B)**

- I. Project Title
- II. Author(s), Institution
- III. Introduction (background and literature review)
- IV. Objective(s)
- V. Hypothesis
- VI. Methodology (materials, experimental methods, and reasons)
- VII. Results and Discussion (data with figures, table and photos, result interpretation and analysis, discussion and limitation)
- VIII. Conclusion
- IX. Acknowledgements if any
- X. References (literature cited)
